Proclaiming Hope: Effective Catechetical Leadership for the 21st Century

Today's catechetical leader faces unparalleled challenges and complexities in proclaiming the Gospel to a world that is often distracted, divided, and despairing. Disciples of Jesus, however, are equipped with a message of hope! In this interactive session, **Verónica Rayas, PhD, and Joe Paprocki, DMin**, will identify mindsets and strategies for effective catechetical leadership that will bring hope for the 21st century and beyond.

Friday Keynote
The Gift of Cultural Hurricanes: Embracing the Transforming Forces of Post-Modern Culture
Dr. Tim Hogan

Multiple global forces have combined to create a cultural hurricane that is pounding and often washing away ancient bridges of human connection. These forces are fundamentally changing the landscape of family life, and, importantly, radically changing what families need from us in ministry. Using sociological research as well as his own work as a therapist and frequent workshop leader, Dr. Hogan will help us to understand this new landscape.

Saturday Keynote
GO! Build a Future of Hope: Finding God in the Storms and in the Silence
Mr. Brian Butler

Although we are confronted with cultural hurricanes, HOPE endures. Pope Francis has reminded us that "Hope is both an anchor (cf. Heb 6:18-19) giving us security amid the storms of life, and a 'sail' driving us forward towards the safe harbor of eternal life." Come along for a voyage that will help us to recognize God's hand at work in the storms and the silence. Through Scripture, stories, and song, this presentation will inspire us, with the help of God's grace, to GO! Build a Future of Hope!
